Razor thin. Rocket fast.

Choose a 2 in 1 powered by the new Intel® Core™ M processor.

Less heat. More power.
Up to 50 percent faster CPU and 2x graphics performance.¹,²

When you're this cool, who needs fans?
No cooling fans = incredibly thin devices.

Productivity unplugged.
Up to eight hours of battery life with full HD display.¹,²

Get a device with the performance and security to keep up with your business needs—and the sleek design and functionality that won't slow you down.

3 reasons to get a 2 in 1 for your small business.

Create.
Laptop mode gives you the powerful performance, Windows* 8 applications, and capabilities you need to write, design, draw, prototype, and research.

Collaborate.
Flip, fold, twist, or detach the screen to present, comment, or videoconference. With Intel® Wireless Display³ technology, sharing work has never been easier.

Concentrate.
With added security features, Intel based 2 in 1 devices let you worry less about keeping your identity and data safe, and focus more on the job at hand.

Find the right 2 in 1, powered by the Intel Core™ M processor.

1 Software and workloads used in performance tests may have been optimized for performance only on Intel microprocessors. Performance tests such as SYSmark* and MobileMark* are measured using specific computer systems, components, software, operations, and functions. Any change to any of those factors may cause the results to vary. You should consult other information and performance tests to assist you in fully evaluating your contemplated purchases, including the performance of that product when combined with other products. For more information, go to intel.com/performance.

2 Intel Core M-5Y10 processor (up to 2 GHz, 4T/2C, 4M cache) on Intel Reference Platform. BIOS: v80.1. Graphics: Intel HD Graphics (driver v. 15.36.3650). Memory: 4 GB (2 x 2 GB) Dual-Channel LPDDR3-1600. SSD: Intel 160 GB. OS: Windows 8.1 Update RTM. 35WHr battery. Software and workloads used in performance tests may have been optimized for performance only on Intel microprocessors.
